

NURSING MOTHERS

"A richer milk than milk" is good food for nursing mothers. Scott's Emulsion is the rich cream of cod liver oil, and contains ten times as much cream as milk does.

The nursing mother must eat with the purpose of producing good, nourishing milk for her baby. A little Scott's Emulsion is often a very wise addition to her daily diet. If through nervousness or weakness her milk is a failure, Scott's Emulsion will help make it a success.

The baby gets the benefit, too, when the mother takes Scott's Emulsion. The same remedy brings new strength and nourishment to both.

We'll send you a sample free upon request.

JURISDICTION POINT IS UP

Gear May Throw Himself Out.

Magoon Raises Points About Payment of Fees.

September Term Calendar—The Lost Dredge—Court Items.

By suggesting a point that the lawyers had omitted, Judge Gear may be argued into denying his jurisdiction in the Parker case. That point was exposed to view in the Judge's decision published by the Advertiser on Thursday.

Kinney, McClanahan & Cooper, Ballou & Marx and Robertson & Wilder, attorneys for A. W. Carter, guardian of Annie T. K. Parker, a minor, file a motion for further argument on portions of the guardian's demurrer to the amended petition for his removal presented by J. S. Low as next friend of the minor, "in order to call the attention of this court or judge to a point which was not presented at the former argument upon this demurrer through the inadvertence of counsel." The sections of the demurrer whereon the point is raised, being those relating to jurisdiction, are quoted and the motion sets forth the following statement: "The point to be presented upon such argument is in substance that, under Section 81 of the Organic Act of the Territory of Hawaii, the Legislature of the Territory had no power to vest the jurisdiction to remove guardians in Circuit Judges of the Circuit Court at Chambers or otherwise, as was attempted to do by Act 16 of the Session Laws of 1903 and by Section 11 of Act 32 of the Session Laws of 1903, and that therefore said demurrer of Alfred W. Carter should be sustained in the points above specified."

QUESTIONS OF FEES.
W. O. Smith, executor of the will of W. Luther Wilcox, appeared with L. J. Warren as counsel on presentation of petition to confirm sale of real estate. J. A. Magoon appeared for Wilhelm Wilcox, one of the heirs, and said he had no objection to confirmation of sale, the question he liked to bring up being that of the court's awarding an attorney's fee for representing an heir. Mr. Smith contended that the time for such a fee was not until the filing of the final account. Judge De Bolt took the question under advisement. Mr. Smith asked the court to allow an auctioneer's fee of one per cent. on the gross proceeds of sale. On Mr. Magoon's objection that the court had no power to grant an auctioneer's fee, Mr. Smith qualified his request to be that the executor be allowed the

THE TRUTH ALWAYS.

"When you are in doubt tell the truth." It was an experienced old diplomat who said this to a beginner in the work. It may pass in some things, but not in business. Fraud and deception are often profitable so long as concealed; yet detection is certain sooner or later; then comes the smash-up and the punishment. The best and safest way is to tell the truth all the time. Thus you make friends that stick by you, and a reputation that is always worth twenty shillings to the pound everywhere your goods are offered for sale. We are able modestly to affirm, that it is on this basis that the world-wide popularity of WAMPOLE'S PREPARATION rests. The people have discovered that this medicine is exactly what it is said to be, and that it does what we have always declared it will do. Its nature also has been frankly made known. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. A combination of supreme excellence and medicinal merit. Nothing has been so successful in Anemia, Scorfula, Bronchitis, Influenza, Loss of Flesh and Wasting Diseases, Weakness and Low Nervous Tone, and all complaints caused by Impure Blood. Dr. Austin D. Irvine, of Canada, says: "I have used it in cases where cod liver oil was indicated but could not be taken by the patient, and the results following were very gratifying." It cannot deceive or disappoint you, is effective from the first dose and comes to the rescue of those who have received no benefit from any other treatment. It represents the dawn of progress. Sold by all chemists everywhere.

amount as a necessary and proper expense.

Mr. Magoon argued that, if the court had the power, the fee asked was too much.

Judge De Bolt took this question also under advisement, but approved the account and confirmed the sale. The gross amount was \$30,851 and the bill of expenses, including the auctioneer's commission of one per cent., was \$308.25, making the balance \$30,542.75.

THE SEPTEMBER TERM.

There are 47 criminal cases on the September term calendar. Four are of murder in the first degree. Twenty are of embezzlement, there being several cases each against different individuals. Civil cases number 297, of which 43 are fishing right cases. Attorney General Andrews will attend the grand jury, and Assistant Prospector conduct criminal prosecutions. Deputy Peters will do the office work, and Assistant Fleming have charge of taxation cases.

COURT NOTES.

M. Macintyre, A. T. Brock and Wm. R. Kapulani, appraisers, value the estate of Lam Hong, deceased, at \$780.

Lah Leong, administrator of the estate of Chung Yee Seong, deceased, files an inventory showing a bank deposit of \$400 as the whole estate.

Ah Sing, represented by C. F. Peterson, makes a general denial of the accusatory statements in Becky Sing's libel for divorce, consents to immediate trial and waives statutory service of summons.

A joinder in demurrer is filed by W. T. Rawlins for plaintiff in the suit of Mary Buckle vs. S. Ahmi.

Caroline Bailey has brought suit for divorce against Harrison S. Bailey, for cause alleging extreme cruelty in the form of blows and kicks upon her face and body, along with threats of killing, by the defendant.

The motion of defendants for a new trial in the case of the Territory against Cotton Bros. & Co., wherein a verdict of \$25,000 was found for the plaintiff as damages for the loss of a Government dredge, has been taken under advisement by Judge Gear after hearing argument.

ATTACKS OF COLIC, cholera morbus, pains in the stomach, dysentery and diarrhoea come on suddenly and so often prove fatal before a physician can be summoned, that a reliable remedy should always be kept at hand. Chamberlain's Colic, Cholera and Diarrhoea Remedy has no equal as a cure for these ailments. It never fails to give prompt relief even in the most severe cases. It is pleasant to take and every household should have a bottle at hand. Get it today. It may save a life. For sale by all Dealers. Benson, Smith & Co., Ltd., Agents for Hawaii.

ELECTRICIAN CROSS A VOLUNTARY BANKRUPT

Frederick J. Cross, electrical engineer, yesterday filed a petition of voluntary bankruptcy, saying that he owes debts he is unable to pay in full, that he is willing to surrender all of his property for the benefit of his creditors, excepting such as is exempt by law, and that he wishes to avail himself of the bankruptcy laws of the United States. F. E. Thompson and C. F. Clemons are his attorneys.

Debts owing to secured creditors amount to \$36,656.10, and to unsecured creditors \$18,220, making the total liabilities of the petitioner \$54,876.10. The assets total \$25,786.50, plus the value of Palama tenement property, not put down but estimated under normal conditions as worth \$65,000. Exemption is claimed on \$100 personal effects.

Mr. Cross's difficulties are largely the result of the struggle he has made to establish inter-island wireless telegraphy, of which he was the promoter and is now the mainstay as expert electrician. He wrenched success in operation out of the failure that occurred with the Marconi installation by applying a device of his own to the system, and the officers of ships of the U. S. naval squadron recently here were glad to have the benefit of his skill in improving their installations.

As some business people have expressed concern lest Mr. Cross should pull up stakes in the wireless telegraph system and thus endanger its continuance, Mr. Cross informs the Advertiser that for the present he does not intend to leave although it may be necessary, for the sake of himself and family, that he should before long find something more profitable in the pursuit of his calling.

Steel Bridge Tenders.

Tenders as follows were opened at the Public Works office for Kaupoo, Oahu, steel bridge:

L. M. Whitehouse, first bridge, \$9988; second bridge, \$9532; time, 170 days; and \$175 off for wood joists.

John Picano, first bridge, \$8840; time 150 days.

Lord & Belsir, first bridge, \$7665.56; second bridge, \$7833.37; third bridge, \$7890.75; time, 165 days.

Cotton Bros. & Co., first bridge, \$9368; second bridge, \$9433; time 150 days; steel stringers, \$380 more.

RIGHT UP TO DATE.

"Beg pardon, sir," said the peddler of supplies, "but have you got a typewriter?"

"Yes," replied the merchant. "May I ask what style?"

"Oh! out of sight! A regular peach. Come in and I'll introduce you to her." —Philadelphia Press.

WICKED WASTE.

"It was all right for them to throw rice and old shoes after us," remarked the frugal young husband, "but they oughtn't to have put the rice in the old shoes. Of course, we can't use it now." —Chicago Tribune.

TORRES IS DESPERATE

Aims Blow with Pick at Guard Webber.

A desperate Porto Rican prisoner attempted to make his escape yesterday while working in the Makiki quarry, by killing his guard. The whole attempt failed and the guard partially eluded a blow aimed at him with a pick.

The prisoner, whose name is Sedal Torres, was working with a pick in a clump of stones, with Guard A. S. Webber standing near-by. As Webber turned to look after prisoners in another place Torres suddenly sprang at him intending to brain him. The lung turned about quickly and jumping aside received only a glancing blow.

The prisoner was overpowered after a short time, although he put up a desperate fight. The patrol wagon was sent for and Torres, handcuffed and held by officers, was taken to the Police Station. The man raved like a madman there, jumped about and tried to butt his brains out against the cell wall.

Torres is confined in Oahu Prison on a charge of burglary and also for assault and battery.

"CAMP TERRY" GETS SECOND DETACHMENT

Twenty-three marines and twelve blue jackets returned to the Naval Station yesterday from the firing range at Lihuehwa Ranch, about eleven miles on the Waianae side from Pearl City. The men have been encamped there for sometime under command of Lieut. Harlee, U. S. M. C., the camp being called "Camp Terry" in honor of Admiral Terry, commandant of the Naval Station.

Upon their return a second detachment comprising about thirteen marines and one-third of the blue jackets attached to the U. S. S. Iroquois started out on a march from town to Lihuehwa in command of a sergeant of marines. They will march the entire distance to Lihuehwa and go into camp, with Lieut. Harlee still in command. On Sunday the members of the Maile baseball team, nearly all marines, will also march to "Camp Terry."

The purpose of the outing has been to give the men practice with small arms. There is a thousand yard range and revolvers and rifles are being used. The men are encamped in regular military fashion, using tents.

EXCITING ADVENTURE.

As P. C. Berryman was on the road between Hopland and Lakeport Wednesday morning he saw a large brown bear. Berryman took a shot at him. The shot struck the bear in the right forepaw and he jumped to his feet ready for fight.

Berryman then took another shot and the bear started for him, growling as he came. Berryman was on horseback and turned his horse quickly, dodging the infuriated animal and giving him another shot as he went past. The gun was only of 32 caliber.

Berryman was a head of the bear now, but saw, to his dismay, a large California lion, which had been attracted by the noise, in front of him. He was between the two animals, and concluded it would be wiser not to shoot the lion. Putting the spurs to his horse, he rode at the lion, trusting he could scare him into the brush. But the lion was not to be bluffed and made a grab for him as he rode past, fastening his claws in the horse's flank. The frightened horse gave a great bound and Berryman hit the lion over the face with a rope lariat which he had in his hand, and succeeded in breaking the beast's hold.

As he did so he put more cartridges into his revolver and then commenced a race such as he would not care to run again. He was so far ahead of the bear that it could not catch him, but the lion still kept in the running, forcing Berryman to fire. His dogs, hearing the noise, came running out and engaged the wounded animal in a fight. The lion got one dog by the throat, killing it. The other dog was badly torn, but will not die—Udiah (Cal.) Cor. New York American.

ENDURED TORTURE.

After weeks of torture, while dieting and literally stretching the cartilages of his body to increase his height three quarters of an inch, so that he would be eligible for a Lieutenantcy in the Massachusetts militia; First Sergeant George E. Burr, of Company H, Second Regiment of Infantry, has been disappointed in his ambition.

Although Burr succeeded, by means of a novel harness and a nerve racking ordeal in making himself taller, he failed of election of the desired rank. Sergeant Charles F. Bennett winning out by a vote of 49 to 4 at a meeting last night.

Sergeant Burr is 35 years old. He succeeded in getting into the company six years ago when it was short of men, although he lacked half an inch of the required height of 5 feet 4 inches for militiamen Burr says he was defeated because of the notoriety he gained. —Worcester (Mass.) Cor. New York Sun.

Announcement of Auctions

THIS DAY
